

Caliper Paint Cleaner

Product Description

VHT® Caliper Paint has been specifically designed to remove brake fluid greases, oil, and other contaminants from various surfaces. It dries quickly and leaves no residue.

Properties

Product Weight: 6.69 lb/gal

Flash Point: 1° F PMCC

Coating System

VHT provides a multi-high performance coating system for the ultimate in protection and quality. The system includes Caliper Cleaner.

Prep SP700 Caliper Cleaner

Uses

Brake Calipers, Rotors, Drums, Drum Brakes, and General Degreasing.

Surfaces:

- Metal

Application

For maximum product performance read entire label and directions prior to paint application.

Removing the substrate to be cleaned is recommended for ease of application. If unable to remove, mask off surrounding area to protect from overspray.

To spray, hold can parallel 8 to 10 inches from surface to be cleaned. Liberally spray areas to be clean, except brake linings, paint services, and/or rubber parts.

Allow surfaces twenty minutes to dry, before applying paint.
